Atty. Gen. William Barr

I am once again required to bring to your attention a matter of utmost importance involving corruption within the state and federal court systems in which your agency has the oversight and direct responsibility to account for financial resources authorized and appropriated by the Congress of the United States to fund your department and also fund federal and state court operations throughout the nation through specialty grants, direct financing of state attorney general's office and Public Safety programs administered by the courts the Atty. Gen.'s offices and their respective sub agencies which now unfortunately all failed to provide honest services to our citizens and engage in subversive criminal misconduct meant to undermine the financial stability and integrity of our nations treasury through waste fraud and abuse in the administration, accountability, and direct oversight which is purportedly overseen by the FBI, US Atty. Gen.'s office, and their respective offices of Inspector General.

1. Atty. Gen. Barr as one of those who sat in on today's of your confirmation hearing in the Senate I believe you to be an honest and patriotic individual however there are many many many in your office who are not so dedicated and who are sitting there during a government paycheck and government pension while at the same time looking the other way at corruption waste fraud and abuse and lack of oversight and honest services which should be provided by your agency however in the last 30 years of bringing this corruption to your staff and those responsible for maintaining the integrity and honesty of the DOJ, FBI, and their respective field offices funded with taxpayer monies purportedly overseen by the respective offices of Inspector General's in each of these independent private/public corporations guided by the bylaws of these corporations are U.S. Constitution enumerated I must say your agency received a failing mark in all fields when it comes to protecting the rights and liberties of victims of Corporate Financial Crimes both on the Federal And State Levels I would say your agency receives a failing grade on protecting our Constitution.

2. Atty. Gen. Barr as you are the CEO of this independent private/public corporations the buck stops with your office as far as accountability to We The Peoples Of These United States To Guarantee that we who fund these independent Corporate Government agencies that your office manages and controls & administered requiring honest services and honest day's work product from yourself and your agencies staff and subcontractors which as of now myself and by fellow citizens are not receiving honest services from your agent's and in fact are now subject to legal abuse and undo Judicial terrorism by your staff.

3. Mr. Atty. Gen. I am enclosing for your inspections exemplars of the extent of deceit/waste fraud and abuse currently taking place by your subordinates/employees and subcontractors acting adverse to their respective oath of office and the bylaws the corporations in which you are the CEO of and have a duty to investigate and take proper remedial action to prevent further waste fraud and abuse in departments /private public corporations funded by the American taxpayer and Our US treasury which is being diluted at an astonishing rate because your office and subordinates disrespect our Constitution and published rule of law/your departments corporate bylaws the public U.S. Constitution and the (DOJ) published operational management document On September 25, 2018, the US Department of Justice (DOJ) announced a rollout of a new US Attorney's Manual, now called the Justice Manual.

EMPHASIS in The Justice Manual is a document that contains the major DOJ policies and procedures pertaining to the investigation, litigation and prosecution of violations of federal law. For decades, it has been a resource for Assistant United States Attorneys, DOJ trial attorneys and other DOJ employees to help them carry out their jobs. It is an internal document that does not have the force and effect of law. Nonetheless, it is an important document, as it guides investigative, charging and sentencing decisions of DOJ employees across the country. Last week's rollout of the new Justice Manual reflects the first major rewrite of the United States Attorneys' Manual in more than 20 years, seemingly in an effort to consolidate DOJ policies, into one Official document/bylaws of OUR (DOJ) statutory rules of the Atty. Gen & your subordinates/subcontractors as well as all oath takers in the state and federal court systems especially judicial officers regarding duty to investigate and prevent and here to the rule of law and their oath of office as the official guardians of our Constitution/rule of law.

4. Atty. Gen. Barr. The purpose of this request of your office is to inform you of crimes against the United States of America and our citizens in which your staff, including the office of Inspector General for the DOJ, the FBI, and over 100 state and federal judges engaged in a RICO civil and criminal cover-up to protect corporate bankers, insider sworn officers of the American Bar Association and the disloyal state and federal judges whose willingness to betray their oath of office and our Constitution willfully to protect lawyers, corporate Bankers, Disloyal U.S. Trustees most of whom are employed by your agency I will not try to recite the law regarding criminal and civil conspiracy as defined under 18 USC 2342 as your special prosecutor Robert Muller and his team who defined in their report to your attention the criminal elements which your agency is supposed to enforce and adhere to but of course none of your agents are willing to meet with victim's of white-collar criminals and none of your agents are willing to allow our citizens to file complaints against disloyal judges, trustees, FBI agents, and your staff members all who believe they are above the law and have some phony shield of judicial immunity even when they further crimes against America. See Muller report. Emphasis supplied

Muller Memo Law,2019 Objection to [PARTY] Exhibit #xxxx In the month of March 2019, Special Counsel Robert S. Mueller III issued his Report on the Investigation into Russian Interference in the 2016 Presidential Election, pursuant to 28CFR 600.8(c). There can be only One. The report included an exhaustive examination of statutory law, and practicum through time of issuance, of two specific issues (among others of general interest to the community) of interest to us at this time, the Foreign Agent Registration Act of (FARA) and the Sarbanes Oxley Omnibus Crime Act of 2002.

5. Atty. Gen. Barr. As our chief law enforcement officer of this nation I now formally ask that your office of point an independent investigative counsel such as it has done in the investigation handled by chief Special Counsel Robert S. Mueller III of your office to investigate the outbreak corruption within the Maryland State And Federal Judicial System which I have brought to the attention of the president of the United States and your predecessors the attachments will tell the story the question is will your office act appropriately and in conformity with rule of law and stop the abusive unwarranted raping of the American

economy by disloyal state and federal judicial officers all engaged in a much larger wheel and spoke conspiracy against legal and civil rights of our citizens with the intent and purpose of committing treason against the Constitution and rule of law by Mafia controlled American Bar Association whose officers and agents permeate the US Justice Department, the FBI, state Atty. Gen.'s offices, who all believe they are above the rule of law and do not have to respect their oath of office, the codified Constitution of the United States of America, or their positions as foreign agents.

6. In closing Atty. Gen. William Barr the attachments speak for themselves my record of defending the Constitution and rule of law not only for myself but for all citizens of this great nation, and that no officer of the court Justice Department, the FBI, or even the president of the United States can or will affirm whether our government is being run by foreign agents with private corporate agendas to the detriment of our citizenry in direct violation of international treaties and the Foreign Agent Registration Act of (FARA) and the Sarbanes Oxley Omnibus Crime Act of 2002.

7. As stated in the previous paragraphs the US Atty. Gen.'s office as a guardian of our Constitution and rule of law I fortunately was able to sit in on today's of your hearings for confirmation and posted videos that secret justice.com I now formally ask you to review the attachments and investigate corruption waste fraud and abuse taking place in the Department of Justice and its field offices failing to provide honest services to our citizens as cited in the matter of emphasis supplied., Keeton Packing Co. v State.

Keeton Packing Co. v State., 437 S.W. 20, 28]. Refusing to live by their oath places them in direct violation of their oath, in every case. Violating their oath is not just cause for immediate dismissal and removal from office, it is a federal crime. Federal law regulating oath of office by government officials is divided into four parts along with an executive order which further defines the law for purposes of enforcement. 5 U.S.C. 3331, provides the text of the actual oath of office members of Congress are required to take before assuming office. 5 U.S.C. 3333 requires members of Congress sign an affidavit that they have taken the oath of office required by 5 U.S.C. 3331 and have not or will not violate that oath of office during their tenure of office as defined by the third part of the law, 5 U.S.C. 7311 which explicitly makes it a federal criminal offense (and a violation of oath of office) for anyone employed in the United States Government (including members of Congress) to "advocate the overthrow of our constitutional form of government" ..."

7. Atty. Gen. Barr. Your assistance is needed desperately and immediately to prevent a miscarriage of justice in Elkton Maryland where I am forced to go this third day of June 2019 to stand up for the rights and liberties of a victim one Sherry Ray Eveland and her family the attachments will show that she and her brother have been terrorized by the local states attorney's offices which is now controlled by interim State's Attorney James Delmar is instrumental in the theft of \$18 million from the citizens father's estate yet your officers and agents say they have no jurisdiction and or authority. Therefore I will wait until 20 June 2019 for your offices formal response in writing to this request for special grand jury to be impaneled to stop the waste fraud and abuse of taxpayer resources by your office and agents betraying their oath of office and loyalty to the Constitution of these. United States of America. I would expect the response to include a written denial or affirmance that this office is in compliance with international treaties mentioned in Muller Memo Law,2019 Objection to [PARTY] Exhibit #xxxx In the month of March 2019 see attachment

Respectfully submitted

Emphasis in the December 9th 1945 International Organization Immunities Act, which purportedly has relinquished every public office of the United States to the United Nations. Title 8 USC 1481 stated once an oath of office is taken citizenship is relinquished, thus you become a foreign entity, agency, or state. That means every public office is a foreign state, including all political subdivisions. (i.e. every single court and that courts personnel is considered a separate foreign entity) December 26th 1933 49 Statute 3097 Treaty Series 881 (Convention on Rights and Duties of States) stated CONGRESS replaced STATUTES with international law, placing all states under international law. December 9th 1945 International Organization Immunities Act relinquished every public office of the United States to the United Nations. 22 CFR 92.12-92.31 FR Heading "Foreign Relationship" states that an oath is required to take office. Title 8 USC 1481 stated once an oath of office is taken citizenship is relinquished, thus you become a foreign entity, agency, or state. (Atty. Gen. Barr. Can you confirm this act has been abolished)
